5 November 2020

Dear Church member,

It seems that we need to write to you almost every week at the moment regarding our services. So here is this week's letter!

You will all be aware that the latest national lockdown begins today and lasts until 2nd December. As a result, we have once again had to close the church building for services and other meetings. This time, we can broadcast services from the church building, and you will be able to watch the service live each Sunday morning. Only those directly involved in leading the service will be allowed to enter the building. There will not be a congregation allowed in the building for the service.

The live streamed services for the rest of the month are...

8 th Nov	10.00am	Remembrance Service
15 th Nov	10.30am	Morning Worship
22 nd Nov	9.00am	Morning Worship
	11.00am	Morning Worship
29 th Nov	9.00am	Morning Worship
	11.00am	Morning Worship

Please see our website www.allsaints-church.net/sundays for the link to watch each service live. You can also watch the services on the same link at any other time. Before the lockdown was announced, we had planned to have some Communion services in November. Unfortunately, this will not be possible now and all services will be Morning Worship. We hope that we will be able to resume services in church in December, once lockdown has ended.

The Church of England is asking all churches to be involved in a month of prayer for the country during the lockdown. More information can be found at www.churchofengland.org. We will keep you updated of any prayer events taking place at All Saints'. To allow us to keep everyone up to date with any changes or information, we will be producing a weekly newsletter that will be sent out every Friday morning.

And finally, please remember to keep in touch with those members of our community and church family who will find these coming weeks very difficult. Our pastoral team will continue to provide support during this time.

Kind Regards

Martin Howard & Anne Rolfe (Church Wardens)
